Education

Bachelor of Science; Fisheries and Wildlife Science *May 2012*
Valley City State University, Valley City, ND

Associate of Science; Wildlife Management *May 2010*
Dakota College at Bottineau, Bottineau, ND

College Transcript available upon request.

Work Experience

North Dakota Forest Service, Bottineau, ND 58318
Forest Stewardship Specialist *January 2019-Present*
(701)328-9990 Derek Lowstuter

- Use forestry tools to measure and analyze natural forest stands for forest composition to implement best management practices for each stand
- Use GIS to create maps for implementing planting plans for private landowners
- Use e-mail to coordinate plans and activities with multiple people and entities to accomplish goals related to the agency
- Give presentations about forestry practices and tools to all ages
- Serve on the NDFS leadership council to bring ideas and share updates for the agency

North Dakota Forest Service, Bottineau, ND 58318
Resource Forester *July 2014-December 2018*
(701)228-3700 Tom Nowatzki

- Use forestry tools to measure and analyze natural forest stands for forest composition to implement best management practices for each stand
- Work in conjunction with North Dakota Game and Fish in the regeneration of natural Aspen forest in the Turtle Mountains
- Monitor and control noxious weeds on State Forest Lands according to ND Dept. of Ag Rules
- Use GIS to create maps for implementing trail projects in conjunction with the ND Parks and Rec
- Assist in the preservation of NDFS campgrounds, vehicles, and property
- Use e-mail to coordinate plans and activities with multiple people and entities to accomplish goals related to the agency
- Give presentations about forestry practices and tools to all ages
- Use Excel to create spreadsheets to show trends in camping, trail users, and forestry collected data
- Serve on the NDFS loss control committee for the Bottineau Field Office
- Serve on the NDFS leadership council to bring ideas and share updates for the agency

Dakota College at Bottineau, Bottineau, ND 58318
Adjunct Instructor for Introduction to GPS and Introduction to GIS *August 2016-Present*
(701)228-5457 Larry Brooks

- Use Microsoft package (Word and PowerPoint) to create class lectures
- Maintain confidential grades for each student
- Work with students to understand the lecture and materials presented in each class
- Create an active learning environment that allows all students to excel to their abilities

Audubon National Wildlife Refuge, Coleharbor, ND 58531

Biological Technician (Seasonal) GS 5

(701)442-5474 Jon Beyer

May 2014-July 2014

- Monitor and control noxious weeds on the refuge and throughout the wetland management district
- Use GIS to map areas where noxious weeds have been treated
- Conduct biological counts on waterfowl for spring breeding survey
- Use e-mail to coordinate daily work tasks
- Teach coworkers how to use GIS
- Keep accurate chemical records

Subway, Bottineau ND 58318

Night Manager

(701) 228-8506 Brian Jensen

November 2013-April 2014

- Managed night shift employees
- Trained new employees
- Created sandwiches for the client's specifications and ensured their experience with Subway was positive
- Operated and reconciled cash register
- Prepared product to ensure there was no cross-contamination

Upper Souris National Wildlife Refuge, Berthold, ND 58718

Range Technician-Biological Technician (Seasonal) GS 5

(701) 468-5467 Tom Pabian

March 2013- November 2013

May 2012-November 2012

- Independently collect biological data for vegetative belt transects study to monitor changes in the landscape of the refuge
- Identify native and invasive plant species by common name and scientific name
- Input biological data for transect study, yellow toadflax study, and haying permits into Microsoft Excel and GIS
- Biologically and chemically control noxious plants in grassland units using off road vehicles
- Repair pumps and nozzles of spray equipment
- Use GIS programs to map invasive plants on the refuge and hay units on the refuge and produce maps for the manager to know what needs to be done
- Conduct four square mile counts on breeding ducks in spring for biological study
- Advise YCC supervisor on tasks for enrollees to do in day to day operations
- Maintain vehicles and property for refuge
- Operate skid steer and ag tractor for dirt work projects and other miscellaneous projects within the refuge
- Work with public on educational programs of Green Wing Day and Mouse River Loop Envirothon
- Write daily reports of completed work and accomplishments throughout the season
- Notify coworkers of daily and weekly schedule
- Establish contacts with landowners located around the refuge

Upper Souris National Wildlife Refuge, Berthold, ND 58718

Biological Technician- YCC Crew Supervisor (Seasonal) GS 4

(701) 468-5467 Tom Pabian

May 2011-August 2011

- Utilized GPS on map haying units and signage boundaries at Upper Souris NWR
- Biologically, chemically, and mechanically monitored noxious weeds in grassland units
- Identified plants for unit transects survey and collected biological data for refuge
- Operated and maintained lawn tractor, push mower, line trimmer
- Maintain public use areas and facilities throughout the refuge
- Establish connections with the public during day to day operations
- Properly secured equipment for transportation
- Kept daily log of work accomplished and an end of the year report for YCC program
- Supervised Youth Conservation Corp crew of three individuals, ages 16, 17, 18

Upper Souris National Wildlife Refuge, Berthold, ND 58718
Biological Technician Aide - YCC Crew Leader (Seasonal) GS 3
(701) 468-5467 Tom Pabian

May 2010-August 2010

- Supervised Youth Conservation Corp crew of three individuals, ages 15, 15, 16
- Identified plants for unit transects survey and recorded data
- Cleaned, repaired, and maintained refuge public use areas
- Assisted in the public outreach program: Endangered Species Day at Roosevelt Park Zoo, Minot, ND
