ONLINE FACULTY-CODING/TRANSCRIPTION/ALLIED HEALTH

I am an experienced Instructor, Subject Matter Expert, Course Developer, and Associate Dean for online education. I am also a professional with 8+ years of experience in healthcare, specifically Allied Health and Health Administration. I am an evolved educator with expertise in successfully designing, developing, and overseeing online courses as well as training and supervising instructors. I pride myself on my successful and innovative teaching styles, as well as my talent for connecting with others to bring out their best work

<i>Higher Education Experience</i>	<i>Sample of Student Reviews</i>
<ul style="list-style-type: none">✓ Awarded Instructor of The Year for 2016-teaching and developing online Healthcare Program✓ 6+ years teaching healthcare courses to working adults✓ Recognized by administrators for exceptional and persistently high retention rates✓ Helped create and develop an entire online program and courses✓ Significant experience in creating school curriculum for multiple schools across multiple platforms✓ Associate Dean in Health Sciences at an online university✓ Experience in multiple LMS including Blackboard, Angel, Canvas, Blackboard, Moodle, and eCollege✓ Highly organized and able to meet course objectives✓ Solid verbal and written communication skills	<p><i>“Wyatt was actively involved in all aspects of helping me through this class. He certainly met and exceeded my expectations. Thank you, thank you, Wyatt! You were awesome!”</i></p> <p><i>“Professor Gage showed that he genuinely cared about student learning instead of just going through the motions. It was a pleasure to be taught by him. Great job!”</i></p> <p><i>“I have never had a professor who I felt cared so much about me. Wyatt was always so open to help, reachable and very quick with his responses. I really hope I have him for more courses in the future!”</i></p> <p><i>“This was such a challenging course, and I know I would not have been able to pass if it wasn’t for Wyatt.”</i></p>
