

ASSOCIATE OF SCIENCE

MARKETING and MANAGEMENT

Start small...go far with Dakota College at Bottineau.

To be successful in marketing and management, students must be knowledgeable of the basics of marketing and managing people and process. Through DCB's **Associate of Science (AS) in Marketing and Management** program, students will focus their studies on management techniques, marketing, economics and human relations. Students in this program are opening the door to a future in several different aspects of business. This program will give you the skills to many different careers in marketing and in management.

Why study Business?

Graduating with a degree that leads to employment is important to your future. The demand for marketing and management graduates is always high because of the number of career opportunities available for them. Companies in every industry are looking for professionals who can organize, plan and manage.

Career choices

Professionals with marketing/management degrees can have a variety of careers due to the interdisciplinary nature of business education. Your marketing/management degree applies to many different jobs because you will learn skills that are important to a variety of industries. Some examples of business careers include:

- Marketing manager
- Sales promotion manager
- Sales manager
- Marketing research analyst
- Account manager
- Sales representative

General education requirements

These required classes will help you to transfer to a four-year university.

Core Business classes

- Marketing
- Management
- Human Relations
- Economics
- Advertising
- Business in the Legal Environment
- Sales

“The business programs at DCB challenge students and reward those who are willing to work hard and come to class eager to learn. DCB has been an amazing first step for me in my post-secondary career.”

— Kenny Fitzgerald
Port Coquitlam,
British Columbia
