

Dakota College at Bottineau Course Syllabus

Course Prefix/Number/Title

AH 136- Clinical Procedures

Course Description

This class will introduce the learner to the entry-level competencies identified as essential to entering the medical workforce as a Medical Assistant by reviewing various anatomical structures, the diseases associated with those structures, the tests to diagnose these diseases, and the Medical Assistant's role in the clinical setting.

Course Objective

This course will lay the groundwork for understanding the role and responsibilities of the multi-skilled medical assistant. The students will learn select clinical procedures, professional procedures, the importance of patient education, and correct and thorough documentation in the clinical setting.

EXAMS/ASSIGNMENTS/CLASS ATTENDANCE:

- The exams are multiple choice questions.
- The instructor reserves the right to give assignments that may not be listed in this syllabus.
- Class attendance is required to practice clinical skills
- If a student misses more than one class where clinical skills are practiced they will not be eligible to start/ continue the internship.
- All students are expected to be in class the day of an exam. Students are allowed to miss only one exam if the instructor has been notified in advance. It is the student's responsibility to make arrangements to make-up the exam within that same week.

STUDENT RESPONSIBILITIES:

- It is expected that assignments will be read prior to coming to class
- Students are expected to be prepared to discuss the assigned material
- Students are expected to turn in assignments on the due date
- Students are expected to be in class the day of an exam as well as for the practice sessions in this course. Students are expected to practice skills in the classroom settings as well as on their own to prepare for the check off.
- It is mandatory that all students are in class for all skills demonstrations and return demonstrations
- Students are expected to act in a professional manner at all times.

Student Email Policy

Dakota College at Bottineau is increasingly dependent upon email as an official form of communication. A student's campus-assigned email address will be the only one recognized by the campus for official mailings. The liability for missing or not acting upon important information conveyed via campus email rests with the student.
