

Course Prefix/Number/Title: DMS 251 Patient Care

Number of Credits: 1 semester credit

Course Description:

The course will focus on the knowledge, skills and techniques required of the sonographer in order to provide safe, high quality patient care while in the imaging department. The components include patient transfer and immobilization techniques, use and care of intravenous lines, catheters, percutaneous drains and oxygen administration devices, infection control, transducer preparation and disinfection techniques, and appropriate responses to specific medical emergencies. Medical ethics, professionalism, practice standards and the sonographer code of ethics will also be discussed.

Pre-/Co-requisites: None

Course Objectives:

1. Demonstrate patient transfer and immobilization techniques with consideration to safety of patient and Self.
2. Evaluate and develop proper sonography ergonomics skills, proper posture and body mechanics and methods to prevent work-related musculoskeletal disorders.
3. Define and apply medical terms in the imaging department.
4. Explain methods of infection control, standard precaution practices, proper use of personal protective equipment and proper disposal of contaminated biohazard materials.
5. Discuss basic pharmacologic agents and contrast media used in sonographic procedures.
6. Discuss the use of and care for intravenous lines, catheters, percutaneous drains and oxygen administration devices.
7. Describe isolation precautions and aseptic techniques.
8. Analyze the significance of appropriate ethical and professional behaviors.
9. Describe legal concerns in medicine, including patient rights, HIPAA rules and regulations.
10. Describe a sonographer's scope of practice.
11. Demonstrate effective acquisition and reporting of patient history and sonographic findings.
12. Discuss the components of an effective emergency preparedness plan.
13. Describe techniques to assess patient's physical, cognitive and neurologic state to appropriately recognize and respond to care needs and signs and symptoms of various medical emergencies.
14. Demonstrate key skills of effective communication and cultural competence.

Instructor: Amy Hofmann

Office: Suite 302 5th Ave Building, Trinity Health

Office Hours: 9 AM to 2 PM Tu, Th and by appointment

Phone: 701-857-5620

Email: amy.hofmann@trinityhealth.org

Lecture/Lab Schedule: 10:30 – 12:00 am Tu in Suite 301

Textbook(s): Diagnostic Sonography, Hagen-Ansert, 8th Edition; Workbook Diagnostic Sonography, Hagen-Ansert, 8th Edition; Introduction to Sonography and Patient Care, S. Penny, 2nd Edition;

Course Requirements:

Grading is based on completion of assignments, quizzes and test.

Assignments	15%
Quizzes	15%
Test	70%

Consistent with class attendance policy, the student is responsible for attending every class and for the material presented. If a student will not be attending a class, he/she must notify the Program Director prior to absence to plan for makeup time and activities.

Grading Criteria

A =	94-100% of the total points
B =	87 - 93% of the total points
C =	80 - 86% of the total points
F =	<79% of the total points

Tentative Course Outline:

WEEK	TOPIC	READING
6/6	body mechanics, lifts and transfers immobilization techniques	Chpt 2; 5 Chpt 3; 10
6/14	patient assessment and administration of care oxygen therapy and devices	Chpt 2; 10 Chpt 10
6/20	tubes, lines, indwelling catheters transducer care	Chpt 10 Chpt 12
6/27	infection control, standard precautions continued	Chpt 12
7/5	isolation, aseptic and sterile technique response to medical emergencies	Chpt 13 Chpt 11
7/11	basic pharmacology and sonographic contrast media professionalism	Chpt 6,7 Chpt 6,8,9
7/18	medical terminology review patient evaluation and cultural competence	Chpt 9
7/25	review testing	

CTE Competency/Department Learning Outcome(s):

CTE Competency #1: Employ industry-specific skills in preparation for workplace readiness

Learning outcome #1 – Students demonstrate ability to effectively collaborate and communicate with health care team members via written communication to provide optimal patient assessment, diagnosis and care. SLO 2.1

Learning outcome #2 – Students will demonstrate effective oral communication skills to articulate appropriate patient information. SLO 2.2

Learning outcome #3 – Students will model ethical health care standards related to HIPAA and patient rights. SLO 3.1

Learning outcome #4 – students will demonstrate professional behavior in the classroom and clinical setting by treating others with dignity, respect and compassion. SLO 3.2

Relationship to Campus Focus: This course addresses a DMS Program theme by developing the knowledge and cultural competency skill sets necessary to provide safe, high quality patient care for the neonate, pediatric, adult and geriatric patient utilizing the protocols and techniques that are currently used in sonographic imaging.

Classroom Policies:

1. Cell phones and related devices are monitored in the classroom at all times. It is recommended that you do not bring your cell phone or other electronic devices into the classroom or, at the very least, get instructor permission to use approved devices as classroom learning resources.
2. Food and beverages are permitted in accordance with classroom policy.
3. Be respectful of other students, instructors, and guests.

Student Email Policy:

The Dakota College at Bottineau campus community is increasingly dependent upon electronic communication among faculty, staff and students. A student's campus-assigned e-mail address will be the only one recognized by the campus for official mailings. The liability for missing or not acting upon important information conveyed via email because of a failure to access a campus-assigned e-mail address rests with the student. Additionally, student must provide Trinity Health DMS faculty with a personal email address for communication while in the program.

Academic Integrity:

According to the DCB Student Handbook, students are responsible for submitting their own work. Students who cooperate on oral or written examinations or work without authorization share the responsibility for violation of academic principles and the students are subject to disciplinary action even when one of the students is not enrolled in the course where the violation occurred. The Code detailed in the Academic Honesty/Dishonesty section of the Student Handbook will serve as the guideline for cases where cheating, plagiarism or other academic improprieties have occurred. Additionally, dishonesty in the classroom or laboratory and with assignments, quizzes and exams is a serious offense and is subject to disciplinary action by the DMS Program Director. For more information, refer to the Trinity Health DMS Program Handbook policies.

Disabilities or Special Needs:

Students with disabilities or special needs (academic or otherwise) are encouraged to contact the instructor and Disability Support Services.

Title IX:

Dakota College at Bottineau (DCB) faculty are committed to helping create a safe learning environment for all students and for the College as a whole. Please be aware that all DCB employees (other than those designated as confidential resources such as advocates, counselors, clergy and healthcare providers) are required to report information about such discrimination and harassment to the College Title IX Coordinator. This means that if a student tells a faculty member about a situation of sexual harassment or sexual violence, or other related misconduct, the faculty member must share that information with the College's Title IX Coordinator. Students wishing to speak to a confidential employee who does not have this reporting responsibility can find a list of resources on the DCB Title IX webpage.
