

## Course Prefix/Number/Title: BIOL 115 – Concepts of Anatomy and Physiology- Online

Number of Credits: 4 semester credits

Course Description: A one semester course that integrates the structure and function of the human body. Course includes a lab component.

Pre-/Co-requisites: None

### Course Objectives:

- 1) To learn and retain information essential to a broad knowledge of human anatomy and Physiology.
- 2) To understand and utilize the scientific methods of inquiry.
- 3) To practice sound, safe, and sensible laboratory techniques.
- 4) To apply scientific information and principles to everyday life.
- 5) To recognize the interrelationship among the sciences, technology and society.

Instructor: Angie Bartholomay

Office: NSC 111

Office Hours: WF 8-10:00 am, Th 10-11

Phone: 228-5471

Email: [angela.bartholomay@dakotacollege.edu](mailto:angela.bartholomay@dakotacollege.edu)

### Lecture/Lab Schedule:

Lecture TBD
Lab- TBD

Textbook(s): Understanding Human Anatomy and Physiology, S. Longenbaker, 10<sup>th</sup> Edition Lab Manual Bottineau none; Minot TBA

Course Requirements: The lecture component of this course will consist of approximately 700 pts. The 700 points will come from 10-12 quizzes worth 10 points each; 5 exams worth 100 points each and a final exam for 100 points. There will not be make-up for missed exams unless prior arrangements have been made with the instructor. Grading scale is as follows:

A= 90-100%

B= 80-89.5%

C= 70-79.5%

D=60-69.5%

F= <59.5%

Exams: There will be five regular exams. Exams may contain short answer, multiple choice, Completion and problems. There will be no make-ups for exams unless prior approval is given!

Homework: Throughout the semester problems will be assigned in order for you to better understand

the concepts and math involved. This homework will not be graded, however you will be able to use these assignments on quizzes. The problems assigned will be similar to those which will be on the exams.

Quizzes: will be used to check for understanding. Make-up quizzes are not allowed.

Laboratory: The laboratory portion of the course provides an opportunity to integrate lecture concepts with observable activities and is critical to understanding chemical concepts. Attendance in lab is mandatory.

Early Warn Attendance Policy will be followed

#### Tentative Course Outline:

Week	Chapter and Reading Assignment	Assessments
Week 1	Chapter #1 Organization of the Body	Anatomical position quiz
Week 2	Chapter #2 Chemistry of Life	
Week 3	Chapter #3 Cell Structure & Function	Cell quiz
Week 4	Chapter #4 Body tissues and membranes	Exam #1- Chapters #1-3
Week 5	Chapter #5 Integumentary system	Skeletal System Quizzes
Week 6	Chapter #6 Skeletal System	Exam #2 Chapter #4-6
Week 7	Chapter #7 The Muscular System	Muscle Quiz
Week 8	Chapter #8 The Nervous System Chapter #9 The Sensory System	Brain Quiz Eye Quiz
Week 9	Chapter #10 The Endocrine System	
Week 10	Chapter #11 Blood	Exam #3 Chapters 7-10
Week 11	Chapter #12 The Circulatory System	Heart Quiz
Week 12	Chapter #13 The Lymphatic System Chapter #14 The Respiratory System	Exam #4 Chapters #11-12
Week 13	Chapter #15 The Digestive System	Respiratory System Quiz
Week 14	Chapter #16 The Urinary System	Digestive System Quiz
Week 15	Chapter #17 The Reproductive System	Urinary System Quiz
Week 16	Chapter #18 Human Development	Exam #4 Chapters #12-18

#### Lab Schedule

Week	Topic	Assignment
Week 1	No Lab	None
Week 2	Use of Light Microscope and Scientific method	Scientific Method quiz
Week 3	Chemistry of Life	Microscope quiz
Week 4	Cell Structures & Tissues	Tissue quiz
Week 5	Organization of the Body	Fetal Pig Dissection
Week 6	Skeletal System and Bones	Skeleton quiz
Week 7	Muscular System	Muscle quiz
Week 8	Nervous system	Brain Dissection
Week 9	Sensory System	Eye dissection and Quiz
Week 10	Blood	Blood Typing Lab
Week 11	Cardiovascular system	Heart dissection and quiz
Week 12	Respiratory System	Respiratory System Lab
Week 13	Digestive System	Digestive System lab
Week 14	No Lab	No Lab
Week 15	Urinary system	Urinalysis
Week 16	Final Lab	Final Lab

General Education Competency/Learning Outcome(s) OR CTE Competency/Department Learning Outcome(s): This course meets the General Education Competency #1; Identifies the interrelationships between humans and their environment.

Learning Outcome 3; Applies scientific information in everyday life

Relationship to Campus Focus: This course addresses the campus theme by incorporating the latest diagnostic procedures, treatments, and other technologies that are used to identify and treat human diseases and disorders.

Classroom Policies:

The use of cell phones, electronic devices and headphones are prohibited in the classroom. If you have brought it is to be placed on silent and placed on the table in front of you.

Be respectful of other students, instructors and guests.

Student Email Policy:

Dakota College at Bottineau is increasingly dependent upon email as an official form of communication. A student's campus-assigned email address will be the only one recognized by the Campus for official mailings. The liability for missing or not acting upon important information conveyed via campus email rests with the student.

Academic Integrity:

According to the DCB Student Handbook, students are responsible for submitting their own work. Students who cooperate on oral or written examinations or work without authorization share the responsibility for violation of academic principles, and the students are subject to disciplinary action even when one of the students is not enrolled in the course where the violation occurred. The Code detailed in the Academic Honesty/Dishonesty section of the Student Handbook will serve as the guideline for cases where cheating, plagiarism or other academic improprieties have occurred.

Disabilities or Special Needs:

Students with disabilities or special needs (academic or otherwise) are encouraged to contact the instructor and Disability Support Services.

Title IX:

Dakota College at Bottineau (DCB) faculty are committed to helping create a safe learning environment for all students and for the College as a whole. Please be aware that all DCB employees (other than those designated as confidential resources such as advocates, counselors, clergy and healthcare providers) are required to report information about such discrimination and harassment to the College Title IX Coordinator. This means that if a student tells a faculty member about a situation of sexual harassment or sexual violence, or other related misconduct, the faculty member must share that information with the College's Title IX Coordinator. Students wishing to speak to a confidential employee who does not have this reporting responsibility can find a list of resources on the DCB Title IX webpage.
