Grison & Gazzaniga

ISBN: ISBN: 978-0-393-87752-6

Textbook AND Online Learning Tools ARE required.

Course Requirements:

*Attendance is determined by your showing up for class, keeping up-to-date with discussion threads and assignments. You are required to participate in threaded discussions and to turn in assigned work when due. You are also required to contact me, in advance, if you know you will be “missing” an assignment so we can make arrangements to make up the work.

DISAPPEARING: No communication from you for several weeks, or not showing up for class, for whatever reason means I may initiate an administrative withdrawal. You can contact me via voice mail, text, email or by contacting the DCB Distance Education Department.

Discussions: For each chapter, you will have a discussion question. You need to submit 2 responses per discussion, on **SEPARATE DAYS**, with at least one of the responses being to another student’s post.

It is important to stay current with your discussions. All the discussions for a section must be completed by the last day of the chapter and time specified. There will be no points awarded for the discussion after the due date and time.

Participation: Participating in discussions is an important means of achieving the course’s objectives. Some of the topics we cover are controversial and/or sensitive, *I would like each of you to keep an open mind and give other students the same courtesy that you expect to be given! Respect always goes a long way. If you choose to attack another student in my course, there will be consequences.*

Purpose: The purpose of the assigned threaded discussion question is to have you participate in class discussions in much the same way as would occur in the classroom.

Criteria: Respond twice during the chapter, on SEPARATE DAYS within each discussion, to the question in order to receive full credit. One of your responses, within each topic, must be to another student’s post. The purpose of having you respond on different days is so you “attend” class throughout the week! If you’re only responding at the beginning of the week and not logging into the course again during that chapter, you may miss out on very educational discussions.

Grading: **Superficial reflections are not acceptable!** Although it is important to thoroughly explain the ideas and concepts you are learning, merely paraphrasing or restating the concepts, definitions, or ideas is not acceptable. You should try to become more reflective and strive to improve the quality of your thought and writing as the course progresses. Remember, your discussions are your opportunity to demonstrate your learning in this course!

Online Participation – 10 points possible for each separate discussion topic

Quizzes/InQuizitive: There will be a quiz for every chapter we cover. You have the opportunity to receive 100% on every quiz by completing the required points.

ZAPS Workshops: There will be 4 ZAPS assignments for this course...we will use these instead of tests! My hope is that these workshops will better help YOU, as students, apply the information we are learning throughout the course.

Final Paper: There will be one final paper during this course. More information on this paper can be found in Blackboard. You will have your entire “finals week” to work on this paper...there will be no cumulative final!
