

Bottineau Community Rocks!

Tuesday, February 25

6:00—7:00 pm

DCB Campus at Thatcher Hall
Alumni Conference Room

Come join us for this FREE event on the Dakota College of Bottineau Campus. Bottineau Community Rocks! is a community and family event for those interested in learning more about geology, minerals, fossils, crystals and more!

We meet once a month in the Alumni Conference Room in Thatcher to hear presentations and speakers, hear of exciting news in the geology realm, discuss our experiences and rockhounding tales, and share the love of geology.

Our February topic is: **SPECIAL GUEST: TOM RUTLEDGE**

Tom will be joining us to explore the world of polishing rocks, creating cabochons, making slabs into jewelry, and creating unique pieces out of stone! He'll give tips and techniques, explore the challenges of working with various types of stones and show off his impressive array of completed work! Come ready to get creative and learn about how you can get started working with stone!
