General Education Competency/Learning Outcomes:

Upon completion of the DCB General Education Program, the student will:

1. read critically to understand content, draw inferences, synthesize information and evaluate message and form.
2. compose polished writing by way of drafting, revising, and editing—applying rules and conventions for standard, edited English (spelling, usage, mechanics).
4. use information, effectively and ethically.
5. synthesize information, utilize listening skills and critical thinking to engage in intellectual discussions.
6. critique others' work as a group, self-analysis, and/or through writing.

Relationship to Campus Focus: Students will read and discuss *The Great Influenza* as it relates to nature, technology, and humanity.

Classroom Policies:

Students are expected to complete all assignments in a timely fashion, including assigned reading, work, and writing. Students are expected to attend class, and to come to class with assignments and reading complete. Class discussion and student/teacher interaction are important aspects of the learning process, and any class dates that are missed will result in additional work to make up the missed learning opportunity. Care should be taken to attend every class session.

Grading Scale:

- A 90-100
- B 80-89
- C 70-79
- D 60-69

Grading:

Final grades are made up of a running total of all graded items.

Grades are weighted through point values, so the breakdown of assignments is as follows:

3 Multiple Draft Papers = 500 points each

Other work = 10-50 points each

- Discussion board responses, discussion questions
- short writing assignments, quizzes, activities, class discussion

Midterm and Final Essay/Exam = Combined total of 250 points (for each assessment period)

Rubrics will be provided in class and through Blackboard.

Paper Guidelines:

All papers must be double-spaced, Times New Roman font, with 12 pt. font and 1” margins. Papers must also follow MLA-formatting guidelines, and must be completed on the bottineaupublicschool.org account in order to submit to Google Classroom. All major papers will undergo the revision process, and drafts not ready for revision feedback will result in late docking. All papers must be submitted to Safe Assign prior to final Blackboard submission.

Late Work:

Students are expected to complete all assignments in a timely fashion, including assigned reading, work, and writing. Late work will result in a 20% dock. In the event that a class activity is dependent on student work being submitted on time (such as with peer review), the missed assignment may result in a zero percentage for that portion of the grade. Further details will be provided in class.

Student Email Policy:

Dakota College at Bottineau is increasingly dependent upon email as an official form of communication. A student’s campus-assigned email address will be the only one recognized by the Campus for official mailings. The liability for missing or not acting upon important information conveyed via campus email rests with the student.

Student Technology and Email Requirements for this Section of English 110:

This class will utilize both Blackboard and Google Classroom. It is advised that students acquire the mobile app for both of these lms systems. Students must use their bottineaupublicschool.org account for Google Classroom, and the use of Google Drive is required for the drafting process. The best way to contact the instructor is also through the Google Classroom email (cynthia.bedard@bottineaupublicschool.org). Class notices and announcements, however, will be sent utilizing both Google Classroom and Blackboard.

Academic Integrity:

According to the DCB Student Handbook, students are responsible for submitting their own work. Students who cooperate on oral or written examinations or work without authorization share the responsibility for violation of academic principles, and the students are subject to disciplinary action even when one of the students is not enrolled in the course where the violation occurred. The Code detailed in the Academic Honesty/Dishonesty section of the Student Handbook will serve as the guideline for cases where cheating, plagiarism or other academic improprieties have occurred.

Policy on Plagiarism:

Plagiarism can be defined as representing someone else's ideas, language, or material as your own. In today's digital world, it is all too easy for students to copy and paste others' ideas into their work. Doing so will result in plagiarism. Anytime another's ideas, language, or created material is used in your work, you need to cite the source, whether you've used a direct quotation, a paraphrase, or a summary. Work must be cited both in-text and on a Works Cited page.

Accidental plagiarism resulting from a misuse of source material and citing guidelines will be given an opportunity for correction. Intentional plagiarism (where a student uses whole phrases, sentences, paragraphs, or other material from a source with no attempt at citation) will receive severe penalties, which could include failing the paper or potentially failing the course for Academic Dishonesty.

Academic Dishonesty would include (but is not limited to) the following:

- Turning in someone else's work as your own (ex. another student's work)
- Collaborating with another person or copying another's work
- Taking anything from the internet or other sources without citing it
- Copying or buying papers from online sources and turning them in as your own
- Submitting research reports that are not based on research (made up)

All assignments, quizzes, exams, and papers will meet the standards of accepted academic integrity.

Disabilities or Special Needs:

Students with disabilities or special needs (academic or otherwise) are encouraged to contact the instructor and Disability Support Services.

Title IX:

Dakota College at Bottineau (DCB) faculty are committed to helping create a safe learning environment for all students and for the College as a whole. Please be aware that all DCB employees (other than those designated as confidential resources such as advocates, counselors, clergy and healthcare providers) are required to report information about such discrimination and harassment to the College Title IX Coordinator. This means that if a student tells a faculty member about a situation of sexual harassment or sexual violence, or other related misconduct, the faculty member must share that information with the College's Title IX Coordinator. Students wishing to speak to a confidential employee who does not have this reporting responsibility can find a list of resources on the DCB Title IX webpage.
