Exit Survey Form

An exit survey aims to gather information system-wide about employees who are leaving. We'd like to know why employees are leaving, where they are going, and what could have been done to keep them. This information will be used for statistical purposes and all responses will be kept confidential within the Director for Human Resources office. You may also complete an Exit Survey through the North Dakota University System. https://ndus.co1.qualtrics.com/jfe/form/SV_3ksDIGksvmCuWto
